

Ammar Yasser Hassan

Software Engineer | Web Developer

Obour city, Egypt | [+201120976660](tel:+201120976660) | contact@ammaryasser.site | [LinkedIn](#) | [Portfolio](#)

Objective

Full-stack Web Developer with hands-on experience delivering WordPress, Laravel, and Next.js solutions for clients across the USA, Saudi Arabia, UAE, and Kuwait. I combine technical depth with business automation to build systems that don't just look good — they save clients time and money.

Experience

Word Of Mouth agency | Web Developer

06/2025 – Present

- Developed and maintained custom websites and web applications using modern web technologies.
- Integrated APIs, AI-powered features, payment gateways, and business automation solutions to streamline client workflows.
- Managed web hosting environments, server configurations, deployments, and troubleshooting.
- Diagnosed and resolved complex technical issues related to performance, security, and integration.

Yalla Media agency | WordPress Developer

03/2026 – Present

- Built WordPress websites with a strong focus on the Saudi Arabian market.
- Managed websites through reseller hosting environments, including domain configuration, email setup, migrations, backups, and deployment processes.

G Group | WordPress Developer

11/2024 – 03/2025

- Developed and customized responsive WordPress themes to enhance website functionality.
- Optimized website performance and improved load speed.
